Postsecondary Approval and Registration Administrator
200 10th Street, Fourth Floor
Des Moines, IA 50309

Dear Sir:

Concordia University Irvine is committed to the electronic delivery of the Masters in Coaching and Athletic Administration to students in Iowa and other states. We have built a solid reputation by providing high quality education both on our own campus as well as to students at a distance.

If it would become necessary to discontinue this program, you have my pledge to teach through to completion students currently in the program or as an alternative, work with another university to ensure students have an opportunity to complete their program in a timely manner.

Sincerely,

Kurt J. Krueger
President
